### *Very dry, delicate, light white*

Refreshingly dry with delicate flavours, these wines have a crispness to them which makes them seem lively and bracing. The better wines show more complexity and flavour balance. Ideally suited to partner light, delicately flavoured fish, shellfish and light salads, they are particularly good with Mediterranean dishes.

### *Dry, herbaceous or aromatic white*

Unoaked with a zesty, tangy character often with defined green fruit, herb or floral aromas, backed by a mouth-tingling, refreshing palate. The best wines and those from warmer countries show more intense flavours. Great with white fish, chicken and other white meat dishes, particularly when cooked with green herbs or in creamy sauces. The most aromatic and less dry wines work well with lightly spiced dishes.

### *Juicy, fruit-driven, ripe white*

Richly flavoured with the attention firmly on their ripe, often tropical fruit character; these wines have plenty of personality. The higher quality wines show more sophistication in the way the fruit and structure are balanced. They have the weight of flavour to cope with strongly flavoured seafood, chicken and pork dishes which may be lightly spiced or have light creamy sauces.

The fruit flavours of these wines are complemented by the influence of oak, adding notes of vanilla, spice and nuts to the finish. The combination of ripe fruit and oak make these the most complex white wines. The European wines are delicious with seafood and all but the darkest meats with butter or cream-based sauces, whilst the richer 'new world' examples match well with even spicier and richer sauces.

Great with tomato-based sauces and many southern European dishes based around vegetables, chicken, pork or salmon.

They make great partners for fuller-flavoured pork and chicken dishes, particularly those with dark, rich sauces. Delicious with grilled lamb, roast beef, game, char-grilled vegetables or baked pasta.

The elegant style of the wines from the top European regions can partner quite simply prepared dishes.

## Rosé wine

Delicious summer-fruit flavoured wines, generally European wines are the driest with 'new world' wines having a touch more fruit richness to them; white Zinfandels are sweet. They can be quite flexible with food as long as the sweetness level of the dish is matched. Chicken, fish and summer-cuisine can all be enhanced with a chilled glass.

## Dessert wine

Dessert wines come in two main styles, racy and refreshingly sweet or luscious and sticky. Racy and refreshingly sweet wines tend to be best with lighter fruit-dominated desserts such as a fruit salad, whilst the luscious, stickier wines are best served with something much sweeter and richer.

## *Thatched Tavern History*

Built around 1480, The Thatched Tavern was originally a farmhouse with a croft (a small farm). There was also a Blacksmiths forge at the back of the building where the kitchen hatch is now, and a wood store at the end of the bar.

During the reign of Queen Anne (1701) Cheapside and the surrounding area became recognised as a fashionable place to be seen. The Royal Races on Ascot Heath (as it was then known) also began, although a bit sporadically.

The Thatched Tavern only became a pub, or tap house as it was known then, in about 1760; it was one of the three most popular drinking establishments in the hamlet of Cheapside.

In the early 1900's it became the main drinking centre in Cheapside, known as 'The Old Thatch' the landlord at this time used to sell local medicine used to cure most ills, consisting of 2 penn'orth of rum and 4 penn'orth of a secret mixture known as warmit.

The Tavern has been owned and is loved by many. Some of our locals have been coming here for over 60 years!
